

# Design Your Own Invention

IMAGINE • CREATE • SOLVE • HELP

Alabamians are known for their creativity and innovation. In this activity, you will sketch your own invention and explain how it helps people.

## Directions:

1. Think of a problem you see at home, school, in your community, or the world.
2. Brainstorm an idea for an invention that could help solve the problem.
3. Draw a detailed picture of your invention.
4. Write a few sentences to explain what it is, how it works, and how it helps people.
5. Be creative and have fun!

## Ideas to Get You Started:

- A device that keeps your water bottle cold (or reminds you to drink water)
- A backpack that charges your devices
- A tool that cleans up litter
- A way to help animals
- A machine that makes chores easier
- Something to help people with disabilities
- An invention for outdoor adventures (camping, hiking, etc.)
- A way to make learning more fun
- Or think of your own idea!

Big ideas  
can make a  
brighter  
tomorrow!

IDEAS  
PEOPLE  
PURPOSE  
A BRIGHTER  
ALABAMA

## Think About It...

- What problem does your invention solve?
- Who would use it?
- How does it work?
- What materials would you use to make it?
- How does it help people, animals, or the environment?
- Could your invention make Alabama (or the world) a better place?

## My Invention

Draw a picture of your invention here.

## About My Invention

What is it? How does it work? How does it help people?
