

Say Thank You

APPRECIATE • ENCOURAGE • SERVE

Many people in our communities serve others every day. In this activity, you will write or draw a thank-you note for someone who serves others.

Directions:

1. Think of someone who serves others in your community.
2. Write or draw a thank-you note to show your appreciation.
3. Be honest and specific about what they do and how they help.
4. You can give the note to them in person, mail it, or keep it to give later.

Ideas: Who Could You Thank?

- A teacher
- A pastor or church volunteer
- A firefighter or police officer
- A nurse or doctor
- A military service member
- A librarian
- A coach
- A family member
- A neighbor
- Anyone who helps others!

My Thank-You Note

With gratitude,

Think About It...

- Who did you choose to thank?
- What do they do to serve others?
- How did it feel to write or give them a thank-you note?
- Why is it important to show gratitude?

"Let each of you look not only to his own interests, but also to the interests of others."
