

Create a Peace Treaty

CUT • CHOOSE • CREATE

Early settlers and Native American tribes sometimes made peace treaties. These agreements helped both sides live together, trade, and avoid fighting. Create your own peace treaty using pictures and signatures.

Directions:

1. Look at the pictures below.
2. Cut out the ones you want to include in your treaty. (You may also draw your own pictures.)
3. Glue the pictures onto the treaty scroll.
4. Add a title, write or dictate a short peace promise, and include signatures.

Ideas for Your Treaty:

- Promise to be friends
- Trade fairly
- Respect each other's land
- Keep the peace
- Help one another
- Avoid fighting

*"A strong word can
build a peaceful tomorrow."*

"Peace is a bridge to a brighter future."
